OUR NEW IN-HOUSE HEALTH & SAFETY ADVISOR

Leaders in Site Management and Health & Safety software.

July 2020

Do you need additional help with your Health & Safety Systems? Introducing our new In-House Health & Safety Advisor

THERESA HARPER
IN-HOUSE HEALTH & SAFETY
ADVISOR OF SITECONNECT

Health & Safety is my passion!

It is my goal to ensure that all employees go home safely to their families at the end of every working day.

Being on board with SiteConnect can make my goal a reality.

Whilst SiteConnect will enable you to control your documentation you may still need advice or guidance on the framework or practical side of implementing and maintaining your health & safety systems.

We are pleased to announce that our new in-house Health & Safety Advisor can help you with this, including:

- Assessing your current framework;
- Advising on improvements;
- Assisting with Audits;
- Answering your Health & Safety questions; and
- Providing you with additional Health & Safety support to ensure you remain compliant with the HSWA 2015.

Basic Health & Safety support will be free of charge but assessments, audits and more complex matters will be charged at \$110.00+GST per hour plus travel time if applicable.

Need help? Call now on 0800 748 763 & speak to our Health & Safety Advisor, Theresa Harper who is looking forward to being of assistance to you.
